THE TIMES-GAZETTE, REDWOOD CITY, CALIFORNIA, FRIDAY, OCTOBER 23, 1942

ESTABLISHED IN 1859

**No Trouble
Here: Collins**

Redwood City teen-aged citizens have been given a clean bill by Police Chief C. L. (Mike) Collins in discussing juvenile delinquency problems now receiving attention from Parent-Teacher members and County Probation Officer Francis Robinson.

The chief said that while it was undoubtedly true that wartime living had greatly increased the problem in other parts of the county and especially in San Francisco, Redwood City youngsters are behaving themselves.

"We have noted no increase in the problems here among our own youths," Collins continued, "although we have had to increase our vigilance because of out-of-town youths."

Collins explained that Redwood City doesn't contain liquor establishments which serve alcoholic beverages to minors such as the establishment in San Mateo of which PTA groups are complaining.

The chief believes the problem throughout the country centers on the handling of youngsters

San Carlos Man Killed By Train

SAN CARLOS—Joseph Renner, 60-year-old glove maker, was killed Tuesday morning when the thundering, southbound, 22-car Daylight Limited tore him from the hands of a would-be rescuer. Renner's body was hurled 81 feet to an electrified track at the San Carlos depot. He was killed instantly. Renner was partially deaf.

Felled but not injured by the accident was James McWilliams,

who travel out of San Francisco when unable to buy drinks there.

Proposed by county PTA, school, and youth movement leaders as well as the probation officers is a curfew which would clear the streets of all under 18 years of age by midnight.

This proposal was backed by Councilman Evans A. Fletcher at the city council meeting in the city hall last night and received favorable comment from other councilmen.

In explaining the good behavior of Redwood City youngsters, the police chief claimed that came from "good homes where they are taught better" and praised efforts of school leaders.

assistant station agent at San Carlos, who was praised by authorities for his heroism.

According to Dep. Coroner Lewis Franklin, McWilliams saw Renner walking slowly across the southbound tracks as the Daylight approached. Renner, paralytic, could walk only with the aid of a cane, Franklin explained.

RESCUE ATTEMPT

As the huge orange and red colored engine bore down on Renner, who could not hear its warning whistle, McWilliams grabbed Renner by the arm and attempted to jerk him back to safety.

The steam chest of the locomotive struck Renner, tearing him from McWilliams' hand.

The train stopped at the Brittan Ave. crossing, about 1/2 mile from the station. Southbound traffic was blocked for 25 minutes, and two trains back of the Daylight were stopped while authorities investigated.

The accident occurred at 8:50 a.m., according to Station Agent T. I. Atwood. San Carlos police

made a detailed investigation.

FACTORY EMPLOYEE

Renner lived at 612 El Camino Real and was employed in a factory working on government contracts across the tracks. He had stopped to talk to a service station attendant for a few minutes before starting across the tracks, bystanders said.

He leaves a son, William, U. S. soldier, and a daughter, Mrs. Claire Dunning, 2714 Euclid Ave., Richmond; two sisters in San Francisco and a brother, Carl, in Morgan Hill. Funeral services will be held at Andker & Pedersen funeral parlors in Oakland.

**Potato Producers
Urged to File**

San Mateo County producers who plan to raise potatoes for harvest in 1943 should file their requests for AAA allotments at once, according to an announcement today by the county agricultural conservation association.

M. R. Mattei, chairman of the county committee, said AAA allotments will be the "yardstick" by which war production goals are established on potato farms. With government payments and market price support conditioned upon planting between 90 and 100 per cent of the allotment finally approved by the county AAA committee.

**Delinquency
Campaign
Will Start**

County Probation Officer Francis Robinson has announced a three-phase campaign against increasing juvenile delinquency in San Mateo County, following similar action by the 17th District of Parent Teacher Associations last week.

Robinson declared that: 1. his office would prosecute the owners of one San Mateo tavern where, he said, juveniles have been served liquor. Two other establishments are under surveillance.

2. The county probation committee would ask city and county officials to enact a uniform curfew law for minors patterned after the San Francisco curfew COUNCIL URGED

3. The committee would request George Reilly, State Board of Equalization member, to organize a "co-ordinating council" of public officials in the county to combat juvenile delinquency.

Robinson reported that a gang of 20 hoodlums charged with breaking windows in San Mateo Junior College after a dance there Friday had been served liquor in a San Mateo establishment. He said all were from 16 to 18 years old.

"One 18-year-old had 10 drinks, both beer and highballs," Robinson reported. "Another 16-year-old had three drinks."

CREATE DISTURBANCE
After drinking in the tavern, the boys went to the dance and created a disturbance, Robinson said.

Robinson also asserted that five Negro youths, all under 20, who were jailed on the charge that they beat and robbed three men at the San Mateo bus station Sept. 18 were served liquor in another San Mateo tavern. A third tavern is being investigated, Robinson declared.

The probation committee will write letters to the county supervisors, city councils, and to the district attorney urging adoption of uniform curfew laws, Robinson said. San Francisco's law calls for a 10 p.m. curfew for 18-year-olds, a midnight curfew for 16-year-olds. The probation officer said that juveniles kept off of San Francisco streets by strict curfew enforcement there are coming to San Mateo County for late-hour entertainment.

ASSURED CO-OPERATION
A week ago the committee called the delinquency situation to Reilly's attention. Reilly assured the committee of his co-

Youth Faces New Charge

Another blow in the John Fraser Jr. divorce case had been struck today—this one an outright charge of adultery against the 21-year-old scion of a wealthy Menlo Park family.

The allegation was made in superior court at Redwood City Monday afternoon in a special

supplementary complaint to bolster the separate maintenance suit of Showgirl June Colburn Fraser, who once graced the Sally Rand show at Treasure Island.

She filed her maintenance suit after Fraser, through his mother, Mrs. Esther R. Fraser of Menlo Park, filed for divorce on the grounds that he was enticed into the marriage when June pretended motherhood.

The wife blamed the complaint all on the mother.

In the supplemental complaint, June made the bald assertion that Fraser committed adultery with one Jean Dean in the Gaylord Hotel Oct. 6.

Fraser's father, John D. Fraser Sr., is a retired mining engineer.

**R.C. Street Lamps
To Be Painted**

Redwood City firemen were switching and cleaning street lamp globes today in anticipation of painting them in accordance with dimout orders issued by Lt. Gen. John L. DeWitt for the army.

According to dimout proclamations the globes must be shielded to a point below the range of the electric lighting unit.

Experimented with were canvas hoods to fit over the top of the globes, but Fire Chief Mark E. Ryan said he believed painting would accomplish the same purpose cheaper.

The Panama Canal was opened for navigation in August, 1914.

64 YEARS
OF SERVICE
TO HOME
AND
INDUSTRY**Johns-Manville Journal**JOHN MANVILLE
J.M.**"You Guys Back There--"**

It isn't many of us, in any war, who have the satisfaction of shooting down enemy planes or sinking enemy ships. Most of the jobs in any war are tedious and unexciting. Even the fighting men may spend several months of waiting for just a few days of real action.

Every fighting man must be backed up by several persons in dull, hum-drum tasks.

Wars are nine-tenths drudgery and one-tenth drama. Those plodding at war jobs at home may itch for more thrills, but they should never belittle the importance of their own work.

Read these paragraphs from a former Johns-Manville man, now a soldier, to a friend who still works in a J-M factory:

"When you state, Bill, that you feel you perhaps aren't doing your part by staying home and keeping the wheels rolling, I can't help but recall my first hopes for immediate action when I joined the army. I expected to jump right in and give 'em a—, but now after four months, I see where the real test lies.

"I can't shoot a Japanazi, but I can give this home war job all I've got"

"It's up to you guys back there to give everything you've got in your everyday work. A slip by any one of you may delay important war material."

Soldier, you'll be glad to hear that the men in J-M factories are turning out production at an all-time peak, and are constantly seeking new ways, through employee-management teamwork, to increase the output.

**J-M's Employees
Act as "Angels"**

Called on to sponsor an evening of entertainment for soldiers and sailors who through the Stage Door Canteen, one of the more popular spots in New York for service men on leave, J-M's Entertainers Club, at Johns-Manville headquarters in New York, raised almost double the amount required to act as host on the evening of Oct. 1.

The Canteen provides fun and food for the men in uniform through voluntary donations by individuals, groups or clubs who became "angels" for an evening. Entertainers from Broadway shows and Night clubs serve generously, giving their time and talent, and every night, the attractive quarters of the Canteen, below the sidewalk level of the Forty-fourth Street Theater, are crowded.

And they were filled to capacity when J-M's delegation of "angels" occupied the host table. Stars and ensemble from The Hurricane, a popular night spot in New York, gave a complete floor show. The occasion marked the first time at the Canteen when an evening's fun was provided solely through contributions of employees of a company. The J-M Entertainers were able to turn a surplus of \$90 over to the J-M Women's Defense Workshop.

Well over 2,000, about the usual complement for an entire regiment, J-M's service flag now boasts a total of 2,139—and since the figure changes almost daily, it may be higher by the time you read this.

And at the Manville, N. J., factory they're trying to hit upon a suitable emblem to represent the lone WAAC thus far recruited from J-M's ranks.

J-M FAMILY ALBUM**YOU'RE WRONG!**

—It isn't tire trouble, but Bob Bettinardi, J-M Research section at Manville, N. J., has removed extra tire cover and trunk rack to add to junk collection for benefit of Japs. They'll get 'em as shrapnel! No time for "trimmings" says Bob

Show Plans Now Complete

Arrangements for a midnight show, to be sponsored by the American Legion at Sequoia Theater Saturday night, now are being completed. Harry Harrison, commander of Redwood City Post 105, said today. Tickets for the show, proceeds of which will go to the child welfare and rehabilitation fund of the American Legion, are now on sale in the lobby of the Sequoia Theater, Rocky's Cigar Store and Ryan's Drug Co. All seats are 75 cents.

Preview of a motion picture, news reels and other film shorts, and stage entertainment will be presented. Included on the committee in charge of entertainment are Hal Honore, theater manager, and Thomas J. Kane.

On the ticket committee are A. B. Blakesley, Emmett Donnelly, Ben Peterson, Ray Cereghino and Thomas Vernal, and Mrs. Albert Benson, president of the American Legion Auxiliary.

Greyhound SCHEDULES CHANGED

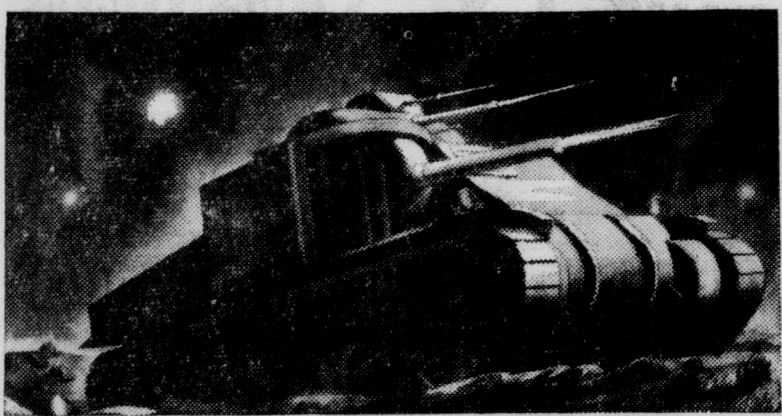

The Office of Defense Transportation has ordered bus companies to reduce operating speed to 35 miles per hour—we are complying with this order.

This requires thousands of changes in arrival and departure times for hundreds of cities and towns. New timetables must be prepared and printed, but due to the great amount of work involved there will be some slight delay in the issuance of new schedule folders.

Please consult your local Greyhound agent for information on schedules.

KEEP BUYING WAR BONDS

SPEED A TANK to the fighting front!

Telephone calls play a vital part in building tanks, guns, ships, planes. They help to move millions of men to the fighting fronts. War is on the wires. There must be no blocking of these war calls.

We cannot build new lines to carry them because copper, nickel and rubber are shooting, not talking, materials right now.

What we can do is to make the most of what we have. You can help by making Long Distance calls only when they are really necessary. And on these, please be as brief as you can.

The call you save today may speed a plane or a tank to the fighting front.

Your co-operation is deeply appreciated.

WAR CALLS COME FIRST!

Mrs. Giannini Leaves \$209,361 Estate

Clorinda Agnes Giannini, wife of Amadeo P. Giannini, internationally known banker, left an estate worth \$209,361, according to an appraisal filed in superior court at Redwood City. She died Dec. 21, 1941.

Included in the estate were stocks valued at \$55,295.12, of which only \$6750 was invested in shares of Bank of America, founded by her husband. She left \$15,966 in cash and two notes appraised at \$79,000. Her half interest in the Giannini's San Mateo estate was valued at \$41,202.78.

By a will written in 1912, Mrs. Giannini left half of her estate to her husband, the other half to her three children, one of whom predeceased her.

PUBLIC NOTICE

Notice to Taxpayers County Taxes 1942

NOTICE IS HEREBY GIVEN that the taxes on all Personal Property secured by Real Property and on DRAINAGE DISTRICT No. 24, and one-half of the taxes on all Real Property will be due and payable.

Monday, November 2, and will be delinquent

on December 5th the first Saturday in December at 12 M. and unless paid prior thereto 8 per cent will be added to the amount thereof. If the said first installment of said taxes be not paid before April 20th, 1943 at 5:00 P. M., an additional 3 per cent will be added to the amount thereof. The remaining one-half of the taxes on all Real Property will be payable on or after January 20th next thereafter and delinquent on April 20th, 1943, at 5:00 o'clock P. M., and unless paid prior thereto 3 per cent will be added to the amount thereof.

All taxes may be paid at the time of the first installment as herein provided, is due and payable. Taxes may be paid on any day at my office, except Sundays and Holidays in Redwood City at the Court House, between the hours of 9:00 A. M. to 5:00 P. M.

Pensioners Back Warren's Old Age Plan

Candidate Given Credit For
Liberalization of Present State
Pension Allowance

Says Pension Is a "Matter of
Right." Earned During Pro-
ductive Years

"Earl Warren, candidate for Governor, has done more in a few months to secure for California pensioners a liberal interpretation of regulations affecting 'outside income' than any other person."

"He should be elected Governor, and thousands of California's 'Elder Citizens' are going to see that he is elected." "In every city and town in the State old people are among his chief supporters, and are earnestly working to place him at the head of the State government."

These are the statements of hundreds of Pension recipients who declare that it was largely through Earl Warren's efforts that the California regulations on earnings allowed pensioners were liberalized.

"There has been too much politics and not enough action," Warren says, adding:

"I believe in an old age pension as a matter of right—as something we earn in our productive years by our contributions to the upbuilding of the community. If I am elected Governor of California, I shall see that that principle is embodied in our pension laws."

Committee

Prize Goes For Scrap

Duncan Fitzgerald, 44, Emerald Lake police officer, has offered a special piece of metal to the Redwood City salvage campaign.

It is a silver medal, suspended on a red silk ribbon—just about enough metal for a bullet.

It is headed back whence it came—Tokyo.

The medal is the Kojusho, awarded to Officer Fitzgerald in 1914 by the Emperor of Japan for saving the life of one Kimimatsu Kida, Japanese subject, whose boat overturned in Steinberger slough.

As Fitzgerald recalled the 1913 incident, he was rowing in from the bay about 9 p. m. when he

heard the cries of three men struggling in the water near an overturned boat. Fitzgerald attempted to save the trio, but they overturned his skiff and threw him into the water.

In the darkness Fitzgerald struck out for shore, then turned back and rescued Kida after a strenuous struggle in which both men nearly drowned. Kida could not swim. The two others, Americans, were drowned.

In 1914 the Japanese consul at

San Francisco, a Japanese newspaper reporter and the consul's secretary came to Redwood City to bestow the Kojusho medal on young Fitzgerald, then a student at the old Central School where Sequoia Theater now stands.

Accompanying the medal was a "decoration certificate" from the Japanese empire with official seals and signatures. California Life Saving Club also gave Fitzgerald a medal for

his heroic act. This Fitzgerald will keep.

But the Japanese medal? "I want them to send it back to Japan, the quickest way possible," he said today. "I hope it goes in a bullet labeled for the emperor himself."

The officer turned the medal over to Frank A. DePatta, chairman of the salvage campaign here.

Two pounds of waste fats will furnish enough glycerin for five anti-tank shells.

Army Fighters Helping Navy and Marines on Guadalcanal

Shark-nosed Army fighter planes like these, photographed recently on the vital Guadalcanal Airport, have combined with Navy and Marine planes to take heavy toll of Jap aircraft trying to dislodge American forces in the Solon Islands. Official U. S. Marine Corps photo.

Four Sequoia Staff Members Soon to Join the Service

Two coaches and two members of the maintenance staff at Sequoia High School are leaving to join the services, and three members of the maintenance staff are now working in war industries.

Ken Boscacci, gym teacher and assistant frosh-soph football and baseball coach, will soon join the navy as an ensign, and Walt Worrell, volunteer water polo

coach, is to leave next month to join the army. Pasco Balzarini, gardener, will leave for a navy base at Norfolk, Va., sometime this month, and R. H. Carney, a veteran of the last war, is being recalled to the army.

Frank Goldthwaite, former engineer, is now with United Air Lines, and Harry Clark, former night watchman, is working at

the Western Pipe and Steel Co. in the sheet metal division. Lyndon Peterson will take the place of the latter.

Mrs. Della Morehouse, matron in the girls' gym, is going to welding school, and later will work with a steel company. Mrs. Helen Somers will replace her.

CHEER LEADERS CHOSEN

Cheer leaders for this football and basketball season, recently chosen by the commissioners at Sequoia High School, are Jim Harrison, Don Burke, Connie Sterling, and Rosalie Peregrina, according to Jim Follett, head yell leader.

DOUBLE ASSEMBLY

To open the official stamp and

bond campaign, a special double assembly will be held at Sequoia High School tomorrow. Skits, student speakers and singing of patriotic songs will make up the program.

Student members of the student-faculty committee in charge of the campaign are Ben Esposito, Roberta Rowe, Marie Guida, Jane Gordon, Violet Staples, Margaret Wrigley, Julie Ingersoll, Alan Hansen, Margeritte Bergmann, and Pat Schath.

SPROUT HARVESTERS

Forty-five sprout harvesters from Sequoia left Sunday to finish harvesting a crop on the

Debenedetti ranch near Pescadero.

A YMCA leader will supervise the boys, the third group of harvesters sent out by Sequoia, according to Donald Bogle, dean of boys.

'GET ACQUAINTED' TEA

A "get-acquainted" tea was given for 40 transfer girls at Sequoia High School last week.

Shirley West, Connie Hollinquist, Ada Jean Underwood, and Julie Lund provided musical entertainment at the tea, which was given by the Sequoia Girls' Society. Helen Bettini had charge of the serving committee, Stella Barreto of decorations.

Wednesday Meeting

Redwood City To Organize Militia Unit

A meeting for the purpose of organizing a unit of the California State Militia in Redwood City will be held next Wednesday at 8 p.m. in room 27 at Sequoia High School. It was announced today by Capt. William H. Gilson, CSM.

"This unit is vitally needed in this community to protect lines

of transportation and communications in case of an invasion or sabotage by the enemy," Captain Gilson said.

The California State Militia offers a wonderful chance to train for effective home guard service, he stated. Men between the ages of 16 and 65 are eligible. It is an advantage for members

to have their own fire arms, as it is impossible for the state to provide them.

A maximum speed of 30 miles an hour for motor vehicles of less than two tons has been ordered in Ireland to prevent excessive tire wear, according to the Department of Commerce.

S.M. County May Pay \$9,979,000 To State

San Mateo County will come within \$660,900 of "breaking even" with the state government in the 1941-43 biennium, according to estimates by the State Finance Department today. The estimates were that the state would collect \$9,979,000 from the county and would return for schools, parks and highways and other items \$9,318,000.

Dyer Describes Experiences

Lt. John C. Dyer, USNR, of San Carlos, second mate in the U. S. Merchant Marine, told the Redwood City Kiwanis Club yesterday noon of his experiences while carrying war supplies in the North Atlantic and the Caribbean. The dangers of traveling in a convoy through attacks by enemy submarines and dive bombers and through mine-

laid waters were vividly described by the officer, who was introduced by Carl E. Ward.

The difficulties of shipping to Russia by way of the ice-bound, fog-bound North Atlantic, past Greenland, Iceland and the North Cape were explained by Dyer, who lauded the bravery of the merchant seamen who face such perils every day in

order to get needed war supplies to the Allies.

"The Russians are a brave people who are greatly appreciative of the help we are giving them," the speaker said. He told of the month he spent in Murmansk and of the frequent bombings each day which the nearby German planes bring to Russia's northern port.

The attitude of the American consumer does not indicate support of any large-scale "black

Lions Club Members Have Fun Session

Lions Club members had a fun session at their regular meeting last night. Lt. William M. Werder (Jr.), former Redwood City city councilman, was to have been the speaker of the evening, according to Pres. Wesley H. Taylor, but he was called out of the city shortly before the meeting.

"market," according to the Department of Commerce.

Redwood City Civilian Defense Squads Show Improvement in Practice

BY BUD SPRUNGER

Redwood City civilian defense first aid units showed a marked improvement in a drill last night over a similar drill conducted last Summer.

At a drill I attended last Summer practically everything went wrong.

Last night, however, was a

different story. Arriving at a first aid station just before drills started, I was assigned to an ambulance crew headed by Lyle F. Bourquin. A short time later things began to move.

Control center workers notified the desk at the station of seconds we were rolling.

an incident and in a matter of Bourquin, Driver Perry Downs and I were in the front seat. Swinging the tail gate of the converted station wagon were Paul Perrin, L. W. Fowler and Leslie Collett. Our vehicle was equipped by the Red Cross with a stretcher, blankets, flashlights,

bandages, a first aid kit and splints for broken bones. When we arrived at our destination, we found two men stretched out on the ground, one supposedly suffering from a crushed arm with severe arterial bleeding, asphyxiation, shock and a broken collar bone. The first aiders quickly applied a

tourniquet to the arm and then rolled him over for artificial respiration. A sling was improvised for the collar bone, and blankets applied for shock. Meanwhile, Perrin had started work on the other man who was suffering from a broken leg, burns, and a fractured collar bone. In a very short time he

had applied as neat a traction splint as I've ever seen and was working on the collar bone. Since the bombing was severe and doctors were already rushed, Bourquin decided to take only the man with the severe bleeding. Rolling him on a blanket, they quickly picked it up, placed the casualty on a

stretcher and took him to the casualty station. Of course, it was all in practice, but the speed and skill with which the crew went at their job impressed me that if an emergency did come, they'd be ready.

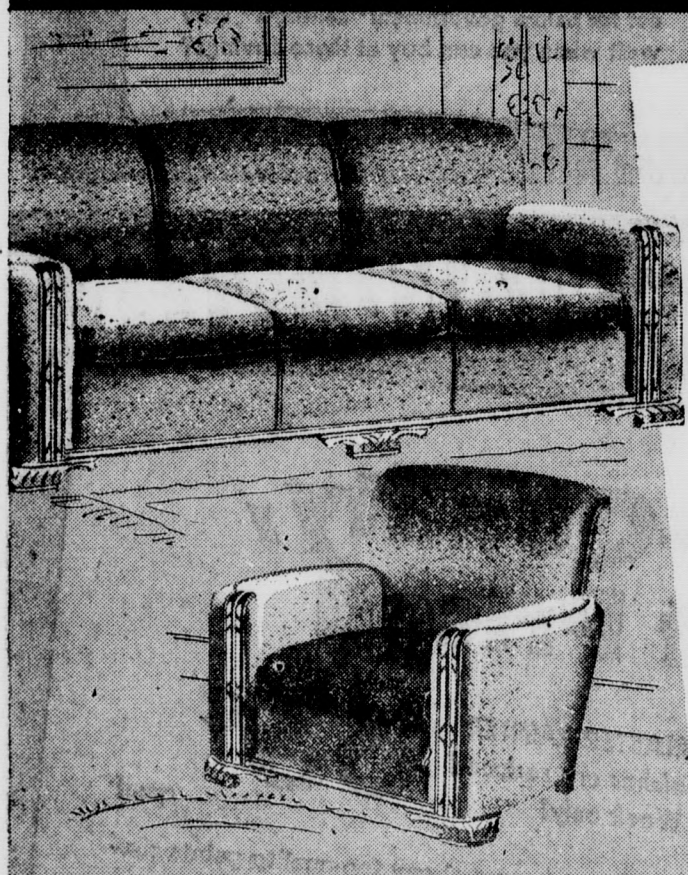

We noticed that at every call spot where we stopped, other

crews either had been there or arrived shortly thereafter. Rescue squads, firemen and other groups functioned smoothly, making their calls with a minimum of delay. The drill was held in preparation for a state-conducted dress rehearsal Oct. 27.

CD Registration Office May Have To Close

W. L. Libbey, in charge of Redwood City's civilian defense registration bureau, announced today that lack of registration in recent weeks may result in closing the bureau. It is open each Tuesday from 7 p. m. to 9 p. m. No volunteers were signed up last Tuesday, he disclosed.

Mrs. Florence Donnelly, secretary to the civilian defense council, said additional workers are needed in the messenger and decontamination services. The city has 3525 civilian defense volunteers of whom about 1700 have been assigned to active duty.

Contentment is merely the victim of mind over what's the matter.

Jack Alvin Jr. Serves In South Pacific Area

Pfc. Jack Alvin Jr., former member of the San Jose State football team which was stranded in Hawaii when the Japanese attacked Pearl Harbor last December, is now serving with a U. S. Marine Corps amphibious force somewhere in the Southwest Pacific area.

Alvin, whose parents live at 215 Oakdale St., Redwood City, is a graduate of Sequoia High School. He left school at San Jose State immediately after his return from Hawaii and enlisted in the marine corps at that time.

JERRY SMITH JOINS AIR CORPS

Jerry Smith, son of Mrs. Frances A. Smith, 147 Grand St., Redwood City, left this week to start primary training as an army aviation cadet at San Antonio, Tex.

Smith, 24, attended Sequoia High School. He operated a local service station until August, when he moved to San Francisco.

FLETCHER SEARS VISITS REDWOOD CITY

Pvt. Fletcher Sears, a son of Mr. and Mrs. Curtis Sears of Fuller St., Redwood City, visited

his home last week end on furlough and returned yesterday to Camp Roberts. He is a brother of Mrs. Denny Hopkins and Bill and Carl Sears.

JAMES B. YOUTSEY IS INSTRUCTOR

James B. Youtsey, torpedoman, first class, is now an instructor for the navy at Key West, Fla., according to information received by his parents, Mr. and Mrs. Edgar E. Youtsey, of 118 Fourteenth Ave., Redwood City. Youtsey enlisted in the navy before Pearl Harbor was attacked. He attended Sequoia High School until entering the service.

ROBERT ARCHIBALD ENTERS 'SEABEES'

Robert Archibald, formerly of Redwood City but who has been

living in San Francisco recently, left yesterday for Norfolk, Va., where he will undergo training for the U. S. Navy "Seabees."

His brother, J. F. Archibald, 206 Dexter Ave., Redwood City, has enlisted in the "Seabees" and expects to report for duty in about a month.

JOHN A. MONTORO WINS PROMOTION

John A. Montoro, son of Mr. and Mrs. Joseph Montoro, 108 Linden St., Redwood City, was recently promoted from private first class to sergeant at the Greenville Army Air Base, Greenville, S. C. In his rapid promotion he skipped the grade of corporal.

A former grocery clerk and store manager, Sergeant Montoro is an air corps gunnery in-

Judge McAuliffe Resigns CD Post

Edward I. McAuliffe, Redwood City police judge, has resigned his position as chief air raid warden because new civilian defense duties held in that office put him in a position of judging cases in which he has aided the arrest.

In his resignation, the judge explained that with the coming of the proclamation of Lt. Gen. John L. DeWitt and its subsequent enforcement by civilian defense wardens he soon will be

structor. He is assigned to a bombardment squadron at the huge Greenville Army Air Base, one of the largest in the country. Sergeant Montoro entered the army in October, 1941.

trying cases of persons arrested by his wardens.

In announcing the judge's decision, Mayor Floyd D. Granger said that air raid wardens were moving further and further into police work as the war developed and that it may become necessary to direct air raid warden work from the police department.

Because of this situation, the mayor said a replacement might not be made immediately.

McAuliffe closed his resignation letter by saying that he would be willing to accept any office in the civilian defense movement which did not conflict with his police judge duties.

Plaintiffs Win \$4000 Judgement

Mr. and Mrs. John Hayden of San Francisco today had won a \$4000 judgement against Mr. and Mrs. Marian Waughman of Los Altos after a four-day trial in superior court at Redwood City. Mrs. Hayden, sister of the late Judge Edward Shortall of San Francisco, sued for \$10,000 damages for injuries suffered in a Bayshore Hwy. accident in San Mateo, Aug. 8, 1941. Her husband asked \$250 additional for costs of medical care. The jury voted the \$4000 verdict by 9 to 3 decision yesterday afternoon after deliberating more than an hour.

News Reel Cameramen Snap Sequoia's Obstacle Course

Sequoia Union High School's wartime athletic program received national publicity this week when motion picture cameramen from the Fox Movietone and Universal Newsreel organizations took pictures of more than 200 pupils running through the school's newly completed military obstacle race.

Located near the school football field, the obstacle race was completed in time for

opening day classes and has been in use since.

Frank Griffith, physical director, planned the course after a summer long tour of West Coast military installations in an effort to prepare the high school youths for the rigors of military life.

Painted red, white and blue, the course is so constructed that younger boys will not attempt feats beyond their ability. Younger boys travel only on obstacles painted a certain color while intermediate youths travel another color and the older boys still another.

Included are rope climbs, balance walks, fox holes, water jumps and hurdles.

When developed the motion pictures taken today will be shown throughout the nation.

Totally blind workmen in state operated blind workshops produced goods valued at more than \$800,000 last year, much of it for U. S. armed forces.

What Do You Suppose Our Fighting Men Think About This

"HOT CARGO" RACKET?

What about those pledges to the President and the American People that "Hot Cargo" and the Secondary Boycott would be dropped for the war's duration?

SINCE PEARL HARBOR there have been more than 30 cases, and you can bet that NONE of them HELPED our war effort!

IT'S TIME for the people of California to rise in wrath and by an overwhelming vote of

"YES" on PROPOSITION 1

Put a stop to the

"HOT CARGO" RACKET!

SAFeway Homemakers' Guide

★ How to enroll in the "Kitchen Course in Nutrition" ★ Why farm-fresh produce should be sold by the pound ★ A list of flour and baking needs ★ Recipes for home-baked rolls

Delight your family with these recipes for home-baked rolls

War times have revived interest in good plain cooking, and homemakers are beginning to do more of their own baking. There's nothing like the fragrant aroma of fresh homemade bread or rolls baking in the oven to quicken already hearty fall appetites. And really, making your own rolls is easy, especially if you use the recipe for REFRIGERATOR ROLLS given below. These rolls have a decided advantage over most yeast breads, because the dough can be made several days in advance, then shaped and baked as you want. Simply cover the dough, in one mass and store in the refrigerator. About 1 hour before you want to serve rolls, take the dough from the refrigerator; let rise about 30 minutes; knead and shape into rolls; and bake another 30 minutes. That's all there is to it.

REFRIGERATOR ROLLS

7 cups all-purpose flour 4 tbsps. shortening
2 cups milk 2 tbsps. salt
4 tbsps. sugar 1 cake fresh yeast

Sift flour and measure. Heat milk. Place sugar, shortening, and salt in large bowl; add hot milk; stir until shortening is melted; cool to lukewarm, about 15 minutes. Add crumbled yeast; mix well. Add flour; stir until dough leaves sides of bowl. Cover bowl with damp cloth; let rise in warm place until light and double in bulk, about 2 hours. Punch down. Place on lightly floured board; knead until dough is smooth. Mold into desired shapes. Place on greased baking pan. Cover with damp cloth. Let rise in warm place until double in bulk, about 30 minutes. Brush with glaze mixture of 1 part sugar and 2 parts milk. Bake in moderately hot oven (425° F.) 15 minutes, or until done. Makes about 8 dozen rolls.

To Store: Punch down dough after first rising. Cover tightly and place in refrigerator.

SHAPING THE ROLLS

You can shape rolls as you wish, making them dainty or man-sized. Keep in mind, however, that they'll double in size during the final rising. For soft rolls, place them almost touching each other on the baking pan. For crusty rolls, give each one space enough to double in size without crowding.

To enroll, just write to Julia Lee Wright, P. O. Box 660-CC, Oakland, California. Enclose 25¢ for the cost of the entire course.

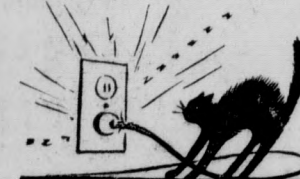

SAFEWAY

LADY- YOU DOOD IT!

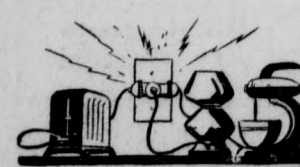

HERE IS WHY FUSES BLOW OUT AND WHAT TO DO ABOUT IT

It's maddening when a fuse blows out. When this happens, however, it is a warning that some appliance may have overloaded a circuit, or there may be a loose connection causing a "short." You can save time by replacing fuses yourself. It is easy to do this and you help us save tires on service cars that are needed to help maintain the delivery of power to war industries. Ask for your copy of P. G. and E. booklet "Guide to Gas and Electric Service" that tells what to do when the lights go out. It is available FREE at any company office.

TAKE CARE of plugs that like a kitten. It is advance notice that a wire is about to burn through or a plug terminal is about to give way.

BEWARE of using too many appliances at one time on a branch circuit. This overloads circuits and causes blowouts.

BEWARE of jerking appliances about by the cord. This loosens terminal connections and causes short circuits and blowouts.

TAKE CARE to have a supply of fuses of the right size on hand. 15 ampere fuses (not 20 or 30 ampere) are right for lighting circuits.

Buy a supply of fuses from your dealer today.
